7. Mentoring and monitoring arrangements

By signing this Memorandum of Understanding we confirm that we have discussed the procedures for assessment, documentation, validation and recognition and agree on how it is done. As a minimum, the monitoring and mentoring arrangements will include the following activities:

1. The persons who bear responsibility for the implementation, organization, duration of the traineeships and their evaluation (mentoring and monitoring) are the project coordinator and of the head of practical training department. Job shadowing will be also monitored by the specially designated employee of the Intermediary Organization – BragaMob. At the end of the traineeships all of them should provide a written account, concerning the quality of traineeships.

The Sending Organization in cooperation with the Intermediary Organization, responsible of preparing the survey, which will be carried out at the end of the traineeships among: the employers, job shadowing teachers and the employers of the intermediary organization. Its outcomes will be included in the Final Report statement.

2. Each teacher will be allocated a tutor (a designated employee/an employer in the workplace), whose responsibility will be to provide high-quality traineeships. Before the start of the traineeships all of the parties that is the receiving organizations, the intermediary organization, job shadowing teachers will get acquainted with the

entries contained in the Learning Agreement and in the Learning Agreement Complement, which will take place no later than one month before the start of the traineeships.

3. Documentation of the assessment will be done in the form of a certificate which certifies acquired qualifications

4. The learning outcomes checking and their evaluation will be carried out during the traineeships.

8. Evaluation of learning outcomes

After the mobility activity, the participant's learning outcomes will be assessed in the following way:

Evaluation format:

Foreseen use of outcomes, evaluation:

The assessment will be carried out by teacher's tutor, cooperating with him/her during the job shadowing. Documentation of the assessment will be done in the form of a certificate which certifies acquired qualifications. The assessment of the learning outcomes will be done by analysis and assessing the work (methods of evaluation: an interview with the participant and his/her tutor, participant's observation and an evaluation survey conducted among all involved parties: employers and participants at the end of the traineeship. The Sending Institution is responsible for validation and recognition of the results achieved during foreign internships. It confirms that assessed effects of mobility, obtained during the traineeship correspond to the effects required for a specific occupation in the country of the Sending Institution. The final step in validation process will be issuing the report which summarises the implementation of the mentioned above skills and the rate of the execution of the previously described goals. The Sending organisation will apply for the Europass Mobility document to National Europass Centre. The created forms will be made available to the public domain on the school website as well as in the brochures and during the trainings organised by the participants. The certificates will certify the teacher's vocational development and will enhance their chances of the future employment. The new collaborative relationships with the new entities, will bring the fruitful development in the coming years like allowing the next projects to be put into effect and establish a network of cooperating vocational school and companies.

Evaluation criteria:

Efficiency criteria – achievement of the objectives during job shadowing, which are assessed in such manner
Qualifying criteria – experience, knowledge of foreign languages, efficacy while operating the devices, communicative skills

Behavioural criteria – the thoroughness while carrying out the tasks, endurance, honesty, willingness to develop yourself, following the working discipline, the attitude to the co-workers and customers

Personal criteria – e.g. creativity, resistance to stress, responsibility for the work done, the ability to work under time pressure, which are of key importance while doing the tasks at a workplace.

Evaluation procedures:

Monitoring arrangements:

The monitoring will be carried out by the Project Promoter and the Intermediary Organisation. The

project coordinator alone with the tutor as well as the appointed employees of the Intermediary Organisation will bear the responsibility for the organisation, accomplishment and the quality of the monitoring process. The aim of the monitoring process is to assess the accomplishment of the programme, established by the Promoter, its quality as well as the skills acquired by the participants. The monitoring tools are as follow: work observation, a talk with the participant and the tutor at the work placement, the survey, which will be carried out among participants, tutors, at the end of the traineeship. Furthermore, the Intermediary Organisation will submit a report covering the quality of the services provided by the companies and which will confirm the skills acquired by participants. Before the start of the traineeship all the interested parties got familiar and agreed to respect the contractual commitments contained in both, The Memorandum of Understanding and The Learning Agreement.

The teaching methods:

The participants of the job shadowing will observe work in the actual work environment, each of them will be given a tutor whose task is training. The vocational training methods are as follow:

1. a demonstration with the explanation
2. a demonstration with coaching

The applied methods were discussed with all the interested parties that is; the employers, participants and the Intermediary Organization. Therefore, the Memorandum of Understanding was signed. The correctness of the execution, efficiency and the rate of the implementation of the mentioned above methods will be checked on the regular basis by the Sending Institution.

9. Recognition of learning outcomes

The learning outcomes attained by the participant will be recognised in the following way:

Recognition conditions:

The persons who are responsible for the implementation, organization and also for the proper functioning of the traineeships, their monitoring are the project coordinator, head of the traineeships department. The traineeships will be also monitored by the designed employees of the intermediary organization BragaMob, who will report on the quality of the traineeships as well as describe the acquired, skills.

The final evaluation will be done by the employer, at a workplace. The final assessment will be performed by issuing a certificate recognising the implementation of the job shadowing in the given term and gained qualifications. The recognition of the acquired qualification will be preceded by the analysis of the following documentation: an interview with the teacher and an his/her tutor and a survey teachers (prepared by the Sending organization in cooperation with the Intermediary organization).

Recognition procedures:

The Sending organization bears the responsibility for the validation and recognition of the acquired learning outcomes during the traineeships. The final validation must be approved by Head teacher. The sending organization, confirms the fact, that assessed learning outcomes are compatible with the specific occupation and vocational requirements in Poland. The validation process will result in applying for the Europass document at a National Europass Agency by the sending institution. The following ways of validation will take place: an interview with a teacher and an his/her tutor, a supervision of the student's performance at a workplace (carried by the teacher's employers/tutors, a survey carried out between the employers/tutors and the teachers (prepared by the Sending organization in cooperation with the Intermediary organization).

Recognition documentation:

- Europass Mobility – prepared by ZS in Góra in cooperation with the teachers' tutors. ZS in Góra is responsible for the applying procedure to the Europass Agency,
- a certificate with a detailed description of the acquired skills – prepared by ZS in Góra in cooperation with the student's tutors and the Intermediary organization
- a certificate recognizing the gained skills – issued at the end of the traineeships, recognizing that the mobility went according to the schedule, issued by ZS in Góra and signed by the student's tutors.
- All of the documents will be issued at the end of the traineeship and granted to the holders on the last day of the traineeships.
